

STEVEN H. MAZUREK, PLS, PP

DIRECTOR OF SURVEYING

EDUCATION

Newark College of Engineering	1967-1970
Union County College	1975

REGISTRATION AND CERTIFICATION

Licensed Professional Land Surveyor, New Jersey (1977)

Licensed Professional Planner, New Jersey (1981)

RESPONSIBILITY AND EXPERIENCE, WHITMAN

Mr. Mazurek joined Whitman in October of 2008. His responsibilities include coordinating the professional staff for Whitman to provide Professional Surveying services to existing and developing clients; mentoring staff technicians in all aspects of the profession. Mr. Mazurek brings with him over 30 years of experience as a licensed professional working statewide performing surveys which include Superfund sites, large boundaries for government agencies and public utility companies, telecommunication sites, site surveys for site development, pre-fabrication steel measurements, municipal surveying and a host of other “out of the ordinary” surveys.

SUMMARY OF OTHER PROFESSIONAL EXPERIENCE

B2A Consultants / Carroll Engineering Hillsborough, New Jersey	2004-2008
---	------------------

Chief of Survey/Survey Manager

Responsible for the everyday operations of the survey group of a civil/survey firm. Managed a staff of 10 individuals and their associated disciplines (survey crews, drafters, survey technicians). Prepared and administered yearly budgets, staff reviews and hiring. In responsible charge for survey drawings and descriptions that were prepared for submittal to the client. Mr. Mazurek was the Surveyor in charge for projects that ranged from title transfer surveys to land preservation surveys for various government agencies.

STEVEN H. MAZUREK, PLS, PP

DIRECTOR OF SURVEYING

French and Parrello Associates, P.A.
Wall, New Jersey
Hackettstown, New Jersey

1992-2004

Chief of Survey/Survey Manager

Mr. Mazurek was instrumental in setting up a Survey Group for the newly formed Civil Division and was responsible for the coordination of survey services for multiple divisions along with signing and sealing all the surveys that were required for their clients. He also attended multiple municipal planning and zoning board hearings when the situation arose. He was also responsible for client development and later organized a survey group for the Hackettstown regional office and was the municipal surveyor for five jurisdictions in Warren and Sussex Counties.
