

ENGINEERING SERVICES

PROVIDING

Site / Civil Engineering
Structural Engineering

MEP & Process Engineering
Energy System Design & Engineering

Whitman's Engineering Division specializes in designing and implementing engineering solutions tailored to client priorities. Our team has over 20 years of experience in the design and construction management of projects spanning a wide variety of disciplines for public and private entities. Our staff is comprised of professionals with broad experience and diverse backgrounds, who have a firm grasp on the numerous details of construction and renovation projects. This includes registered professional engineers in numerous states including New Jersey, Pennsylvania, New York, Delaware, Connecticut, Ohio, Maryland, Massachusetts, and the District of Columbia.

Site / Civil Engineering Services

Property Condition Assessments	Soil Erosion & Sediment Control Plans	Expert Testimony
Feasibility Studies / Concept Plans	Stormwater Management	Construction Administration & Program Management
Site Plan Preparation & Specifications	Regulatory Permitting & Approvals	Landfill Engineering

Structural Engineering Services

Property Condition Assessments	Historical Restoration & Preservation	Steel Connection Design
Feasibility Studies	Damaged Structure Review	Expert Testimony
Building Renovations, Additions & Restoration	Existing Structure Evaluations	Peer Review
	Structural Analysis & Design for New Construction	

MEP & Process Engineering Services

Mechanical Engineering	Fire Protection / Life Safety	IT / Structured Cable & Telecommunication Design
HVAC Engineering	Backup & Emergency Generators	Process / Chemical / Plant Engineering
Plumbing Design	Electrical Distribution, Circuiting & Lighting Design	Explosion Protection Systems

Energy System Design & Engineering Services

Photovoltaic Solar Design	Interior & Exterior Lighting Upgrades	Sustainable Design / LEED
Energy Audits	Energy Project Development	Backup & Emergency Generators
Energy Building Management	Occupancy Controls	Arc Flash Studies
